

**Supplementary Notice of Guangzhou Municipal Planning and
Natural Resources Bureau on Further Strengthening the Cadastral
Map Inquiry and Update**

To: Science and Technology Information Department, Examination and Approval Management Department, Surveying and Mapping Management Department, Investigation and Monitoring Department, Authentic Right Registration Department, Municipal Immovable Property Registration Center, Municipal Real Estate Archives, Municipal Urban Automation Center, Municipal Real Estate Surveying and Mapping Institute, Municipal Urban Planning & Design Survey Research Institute, and all district branches,

In order to further standardize and facilitate cadastral map inquiry and update, the supplementary notice on the cadastral map inquiry and update is hereby made as follows:

- I. Further strengthen the dynamic management of full coverage of immovable property right achievements in the whole city; the investigation results of immovable property right shall be immediately updated to Guangzhou Immovable Property Right Database according to the standard specifications.
- II. The update cycle of land parcel data that are accessible through online open inquiry is one month.
